Preliminary 2024 Population Estimate

Listed below are the preliminary population estimates for your jurisdiction as of July 1, 2024, and revised estimates for years since the most recent census. Please review the information below, and in case of questions or comments, please contact the Population Research Center. The preliminary estimate is subject to revision before certification on December 15, 2024.

The basis of the population estimates is the 2020 U.S. Census enumeration of the total resident population, net of approved adjustments to the census results, as of April 1, 2020. For each year since the most recent census, population estimates are made based on net housing unit and group quarters (GQ) population changes, average household size, and occupancy rate, accounting for natural increase (births less deaths) and migration. Changes in housing units and GQ populations are based on responses obtained from your jurisdiction through participation in the Annual Housing Updates and Population Survey (AHUPS).

Preliminary estimates (2024):

Date:	Total Population	Pct. Change	Population in Group quarters	Housing Units	Vacancy Rate	Household size
4/1/2020	9,815	-	117	7,204	36.2%	2.11
7/1/2020	9,842	0.3%	117	7,261	36.4%	2.10
7/1/2021	9,852	0.1%	117	7,290	36.4%	2.10
7/1/2022	9,930	0.8%	117	7,359	36.5%	2.10
7/1/2023	10,032	1.0%	117	7,444	36.5%	2.10
7/1/2024	10,103	0.7%	117	7,545	36.6%	2.09

The certified population estimates will be posted online by the end of the day on December 15, 2024 (www.pdx.edu/prc/population-estimate-reports). Jurisdictions may petition for changes to population estimates on the basis of information they provide that is related to the data herein. Questions and comments should be directed to the Population Estimates program at popest@pdx.edu or (503) 725-3922.
